

BULLYING PREVENTION AND INTERVENTION TRAINING

BULLYING AND HARASSMENT Follow-up and Investigation Training

Introduction to a practical, step-by-step framework that includes:

1. Clarity on the definitions of harassment, intimidation, and bullying under Federal and State law, policy, and district procedures; understand and simplify the legal duties you must fulfill;
2. Know what to report and what not to report; prepare consistent and objective reports in all district schools; and, know where reports should be kept and who has access;
3. Learn the "how to" skills of interviewing students objectively and thoroughly, making and keeping a record of all interviews; and
4. Learn the FICA™ Formula and the McGrath 5-Point Criterion, which are tools for analyzing the issues and detailing the steps to take to reach a fair conclusion.
